BSQs

### Life Skills

#### Plants are our friends

Plants give us many things. They also give shelter to many animals. They provide clean and fresh air. We should take care of plants and save them from cutting.

**Make a list of things that are provided by the plants.**

**Go to a garden and look for animals and birds living on the trees. Write names of those animals and birds.**

**Make a collage with different pictures of plants and their products.**

#### FOR TEACHERS

1. Ask the students about the plants grown in their neighbourhood.
2. Tell them about the benefits of plants.
